## Die Sterne stehen richtig

The Great Old Ones, bizarre gods from other worlds, were once the rulers of the Earth. Now they have been banished, languishing in their prisons. But when the stars are right, they will return and claim what was once theirs. Or so the story goes. In doing so, they are aided by a host of mad cultists.

The players take on the roles of these cultists. They try to move the stars in the heavens in such a way that the Great Old Ones will find their way back to Earth. But beware: The constellations shift more quickly than you might think, so that in the end the stars can be right for only one cultist.

This game has been lovingly illustrated by Goomi, aka François Launet, whose satirical Cthulhu characters have by now acquired fame due to his *Unspeakable Vault of Doom* comic books and *Munchkin Cthulhu 3: The Unspeakable Vault*.
