## Kings & Things

The magical land of Kadab has been plagued by incompetent warlocks who have permanently distorted the region. Now, the people are looking for a worthy successor to rule the land with a strong hand. And that ruler could be YOU!

Your task as a minor member of the landed gentry is to increase the size of your barony, and to get the over 200 inhabitants of the land to fight for your cause. Do not be astonished should your army consist of elves, dwarves, dragons, flying squirrels, dinosaurs, killer penguins, Eskimos, and a host of other creatures, all having their own special abilities!

The design of this fantasy classic has been completely redone. Acclaimed illustrators Claus Stephan and Martin Hoffmann have brought new freshness to the characters – while still retaining the spirit of Tom Wham's original design.
